JUAN PONCE DE LEON RETURNED

"Ponce De León is back with interesting news."

Our first and valuable governor Juan Ponce de León's had returned from his new world expedition. We would love to announce, Ponce De Leon is back with interesting news. But at the moment, León is in bed for he had been badly injured. He

injured his stomach with a poisoned arrow shot by the Indians. Although we are filled with joy for his returning, we would like to express our sincereness sorrow for his soldiers who had sacrificed their lives for this county. We are anxious to hear what Ponce De Leon had discovered. Unfortunately, we

will have to wait until he his fully recovered to get some intriguing news! Let's all become one and pray for Juan Ponce de Leon's full recovery.

GOOD-BYE JUAN PONCE DE LEON

"Thank you for everything you have done for us."

It seems just yesterday when we welcomed and greeted our governor, Ponce de Leon with open arms. However we mourn for our first governor Juan Ponce de León's death. We find this to be a horrible tragedy for he cannot celebrate his victory with us. We finally found out that our proud governor, Ponce De León, had been out exploring for this "Fountain of Youth." This fountain is as exactly as what

the words define it to be. A fountain that grants ones youth....eternally. Ponce de León explored a new land Spaniards had not come to recognize, Florida. We now own another land thanks to our governor. Just yesterday at his funeral had one of his soldiers mentioned, "Thank yo for everything you have done for us. Words are not enough to express our sorrow towards your death and long will you be remembered. We will carry on

what you have started and finish it." As mentioned thank you Juan Ponce De Leon we love you and you will always be in our hearts.

God is always with us.
